

Dear Friends of the Center,

Emerson presents **Wolf Fest 2018** at the Endangered Wolf Center on **Saturday, October 20, 2018 from 10 a.m. to 5 p.m.** This family festival has fun activities, events, exhibits and demonstrations for all ages.

Wolf Fest features food trucks, adult beverages, animal demonstrations (agility dogs are a crowd favorite), many conservation groups, plus activities and games for kids. Guests will see some of the most endangered wolves in the world and leave with a better understanding of their critical importance in the wild. Wolf Fest lets us share this science in fun, memorable ways.

Conservation Ambassadors will introduce guests to wild and exotic animals from around the world, with opportunities to get up close for photos. Guests can also come view our newest residents, a melanistic red fox, three turtles, and Mexican wolf puppies born this spring!
